■ 11.4 - DIVIDEND POLICY

The Company may declare dividends upon the recommendation of its Board of Directors and the approval of its shareholders at their Annual General Meeting. However, the Group is under no obligation to do so, and the decision of whether to recommend payment of a dividend and the amount of the dividend will depend upon, among other factors, on:

- the Company's results and cash flows;
- the Company's financial position;
- the Company's future prospects;

- the Company's shareholders' interests;
- general business conditions;
- any other factors that the Company's Board of Directors deems relevant.

Notwithstanding the factors listed above, there is no formula for determining the amount of dividend to be paid. In addition, the French Commercial Code (*Code de commerce*) and the Company bylaws (*statuts*) limit the Company's right to pay dividends in certain circumstances.
