Historical data for Europe region now available

As announced on February 14, 2019, from January 1, 2019, in line with the new organization of its front office consisting of three regions – compared to a similar organization consisting of five regions previously – the Group organizes its financial reporting into three regions (Europe – including France, Italy and countries previously reported under the Rest of Europe region – North and Central America, and finally Rest of the World).

By aligning its organization more closely with its markets in this way, the Group intends to improve coverage of its international clients, speed up development in fast-growing verticals, roll out its international programs more extensively and promote the sharing of good practices.

Historical data from 2014 to 2018 for sales, growth and profitability for the Europe region is now available on Legrand website: Legrand.com
